

MODEL 2022 TWO-LEVER LOW PROFILE MECHANICAL CONTROL HEAD

The Model 2022 is a low profile Control Head offering the construction features of a heavy duty model without the heavy duty cost. Manufactured entirely of bronze and stainless steel, it will provide years of trouble free service.

It is intended for single function, single handle control and due to its efficient design it can be used as a simple “drop-in” replacement for a Morse™ SF unit.

Features:

- made of corrosion free materials
- independent adjustable/removable friction and detent which are not interchangeable in the field
- standard 3” stroke
- 30 and 40 series cables compatibility
- 5 years conditional warranty

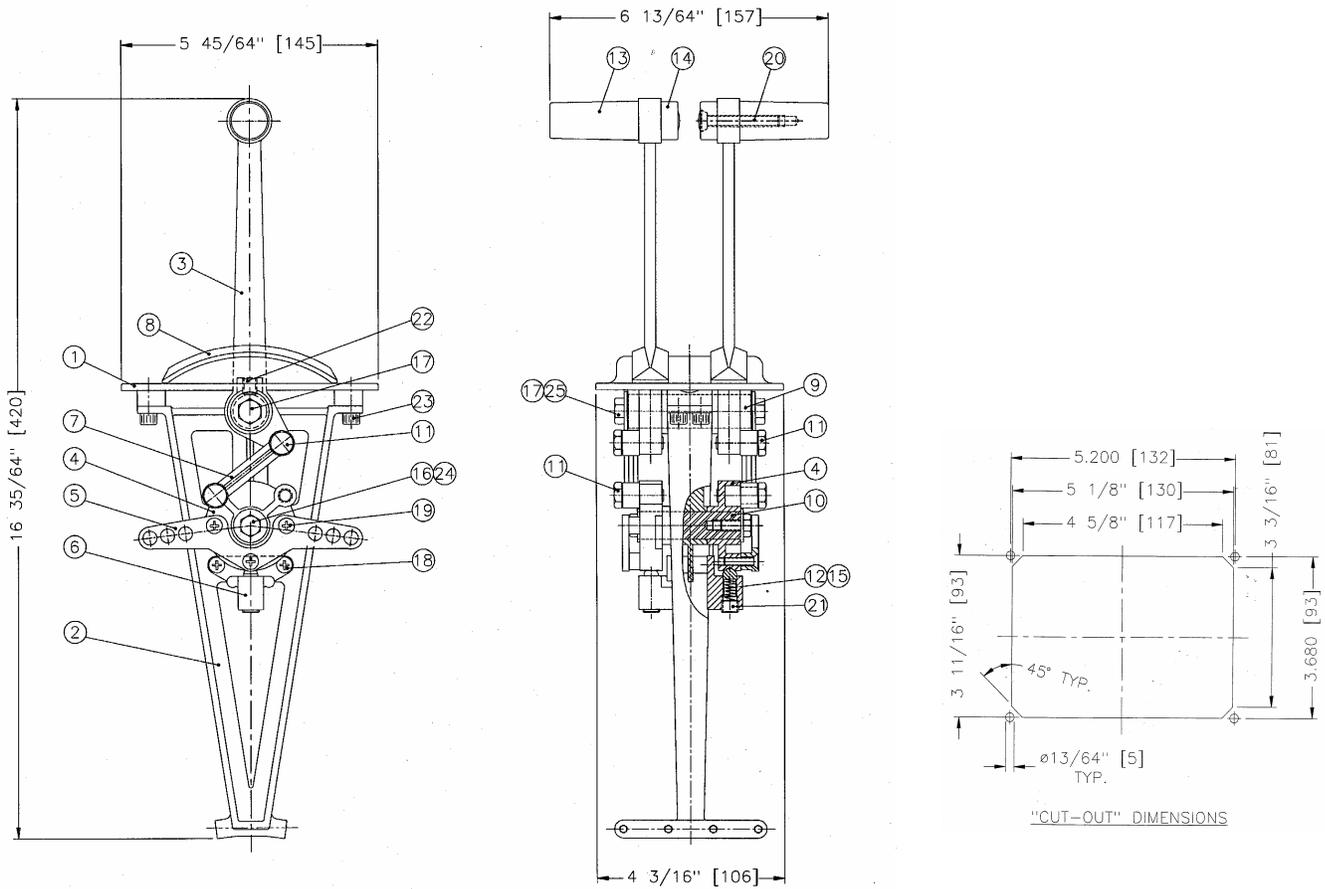

Ordering Information:

- 2022-K Chrome finish, 1 handle with detent and 1 handle with friction
- 2022-KB Chrome finish, c/w 2 handles with detent
